WORK EXPERIENCE

PRO JECTS

- Pak Doc (Html, Css & Js)

 - Created a responsive website UI for a healthcare platform using HTML, CSS and Javascript.
- Pak Doc (Html, Tailwind)

 - Built a responsive website UI using HTML and Tailwind CSS.
- Solar Company - Landing Page

 - Designed and developed a visually appealing, responsive landing page promoting solar energy services using clean HTML, modern CSS, and JavaScript.
- Pet Care - AI Powered Pet Health Checker

 - Built a responsive PetCare website using HTML, CSS, and JavaScript, featuring interactive UI elements and structured content for pet services.
- Weather App - Using Weather API

 - Built a responsive weather application using vanilla JavaScript that fetches real-time weather data through an external Weather API.

PROFILE

I'm a self-taught developer with a strong passion for continuous learning and skill improvement. Exploring new technologies is not just my profession but also my hobby. Currently, I'm focused on building and mastering MERN stack applications, diving deep into MongoDB, Express.js, React, and Node.js to strengthen my expertise.
